

## CNC HORIZONTAL LATHES

### Gurutzpe GLX16

Swing Diameter: 51.18"  
Center Distance: 354"  
Live Tooling

### Okuma LH 35-N

Swing Diameter: 24"  
Center Distance: 118.1"

### Mazak Integrex

4th Axis Milling Capacity  
8" Chuck

### Okuma LB25

Swing Diameter: 18.7"  
Center Distance: 25.6"

### Mazak Nexus 450

Swing Diameter: 22.75"  
Center Distance: 118"

### (2) Mazak Slant 60

Swing Diameter: 36"  
Center Distance: 167"

### Mori Seiki SL-403

Swing Diameter: 24.4"  
Center Distance: 60"

### Mazak Slant 50

Swing Diameter: 15.5"  
Center Distance: 24"

## CNC VERTICAL LATHE

### Toshiba TUE-150

Swing Diameter: 72"  
Height Under Rail: 67"

### (2) Toshiba TUE-15

Swing Diameter: 70"  
Height Under Rail: 67"

## CNC VERTICAL MILL

### Mazak VCN-700D

X: 60", Y: 27.5", Z: 25.6"  
4400 lb Capacity  
30 Tools

## CNC HORIZONTAL MILL

### Pama Speedram 2000

X: 393", Y: 196", Z: 78"  
65-ton Capacity with Rotary Table  
90° Right Angle Head Attachment

### (3) Toshiba BP-130 R22

X: 142", Y: 90.5", Z: 63", W: 27.5"  
45,000 lb Part Capacity  
80 Tools

### (2) Mazak FH8800

X: 51.18", Y: 43.31", Z: 39.37"  
4840 lb Capacity  
80 Tools

## HORIZONTAL LATHE

### Poreba

Swing Diameter: 50"  
Center Distance: 133"

### TOS SU125

Swing Diameter: 50"  
Center Distance: 330"

### Dainichi

Swing Diameter: 30"  
Center Distance: 270"

### Takasawa

Swing Diameter: 24.5"  
Center Distance: 312"

### Mazak Nexus 500

Swing Over Carriage: 29.45"  
Center Distance: 118"

## HORIZONTAL BORING MILLS

### Wotan Boring Mill

X: 86", Y: 62"  
Rotary Table

### (3) Giddings & Lewis

Table Types with Double Outriggers  
X: 64" to 168", Y: 44" to 105"  
Right Angle Heads and Rotary Tables

## EAST CHICAGO WELDING FACILITY

### Capacity

25 ton lifting capacity  
25 feet tall lifting height  
20k+ sq ft. of manufacturing space

### Capabilities

Strict temperature control envelope:  
40" diameter x 102" long body  
  
Open temperature control length:  
144" (body diameter limited by weight restriction)  
Max weight capacity: 12.5 tons

## OTHER EQUIPMENT

### Pressure Testing Bunker

Dimensions: 30' x 15'  
Max Pressure: 150 KSI  
Max Flow Rate: 80 GPM

### Paint Booth

Dimensions: 20' x 14'

### Horizontal Presses

300 ton and 800 ton

### Automated Cleaning Equipment

Length: 48", Width: 48", Height: 96"

## INSPECTION EQUIPMENT

(2) FARO Laser Tracker

FARO Arm

Zeiss Contura CMM

X: 27.56", Y: 27.56", Z: 23.62"

## OUR PARTNERS

**Mazak**

**Shibaura  
Machine**

## KOCSIS BUILT FOR TOMORROW

SINCE 1967

Kocsis is an industrial technologies company that is building a brighter tomorrow for our employees, customers, and community. We're modernizing traditional manufacturing, engineering, and maintenance services with our creative team and the use of new technologies.

A leader in engineering, rolls, and machining for over 50 years, our extensive capabilities and decades of expertise provide integrated, cross-discipline solutions that enhance our customers' core capabilities and services to create a brighter future.

At Kocsis, what we build today, is built for tomorrow. Visit [KocsisUSA.com](http://KocsisUSA.com) to learn more.
